Dear Sir;

In response to your last letter I'm writing to let you know that I shall appreciate a chance to train with your team and to become a member if I can make the team.

I appreciate your interest and your trust and feel very confident that I'll make the grade.

I understand that you plan to open camp on April 1st, and I assure you that I'll be ready to leave for training camp in Jacksonville as soon as the ticket arrives.

I would appreciate knowing just what date you would want me to be in Jacksonville and the address of our living quarters.

Very Truly Yours, Rufus Lewis
